HI MIA WHAT'S YOUR BACKGROUND ROLE?

I'm a pharmacist, and I work in community pharmacy.

HOW LONG HAVE YOU BEEN IN AESTHETICS?

I have been in aesthetics for around 2 years now

WHAT'S YOUR CURRENT JOB MIX?

Currently I work 4 days a week managing the pharmacy and I do 2 days a week aesthetics (I like to keep myself busy apparently)

WHY DID YOU GO INTO AESTHETICS?

My story of how I got into aesthetics.. I signed up to be a model on a Teoxane training day (this is where I first got filler too, down the rabbit hole!) and I loved it so much I kept thinking about how good I felt afterwards, my confidence was boosted massively and I liked my side profile which I had never liked before. So I starting thinking, could I train to do these same treatments and make other people feel the same way? A year into being a qualified pharmacist and I knew I didn't see myself working in community pharmacy forever, I decided to research some courses. And now here I am!

WHAT'S YOUR FAVOURITE PART OR TREATMENT IN AESTHETICS AND WHY?

My current favourite treatments in aesthetics are all things skin, skin boosters, Microneedling, peels and facials. I have always struggled with my skin, having tried what felt like everything under the sun for acne when I was a teen before I went on isotretinoin. I had to cut short my isotretinoin course due to covid, and found myself left still with scarring, blemishes and very textured uneven skin - I would never leave the house without makeup. I stumbled upon microneedling, peels and proper skin care - this transformed my skin so massively that now I rarely even wear makeup! So making people feel confident and love the skin they're in, is why I love skin treatments so much.

WHERE DO YOU SEE YOUR AESTHETICS CAREER IN 5 YEARS TIME?

In 5 years time I'm hoping to have a much more aesthetics heavy split between pharmacy and aesthetics. Maybe even a lovely garden room like Felicity has!

WHAT HAS BEEN YOUR BIGGEST SUCCESS/ACHIEVEMENT SO FAR?

My biggest achievement so far is everything I've done to get to this point, and that I still want to achieve more so that I can be my own boss 🍷

WHAT'S YOUR BEST PIECE OF ADVICE?

My best piece of advice is keep going, stay positive and don't give up! Everything that happens is either a lesson or a blessing, with blessings often disguised as a lesson.

WHAT TRAINING COURSES HAVE YOU DONE WITH HAPPY INJECTORS CLUB?

I've done the skin training, the business training and I plan on doing some of the filler training in the next year.

HOW HAS THIS TRAINING IMPACTED YOUR BUSINESS?

This has impacted my business massively as I learnt a lot about how to manage the financial and marketing side of the business as well as expanding my treatments offerings and patient satisfaction greatly by including various different skin treatments (which as you know I love).

FINALLY...

WHAT DOES BEING PART OF HAPPY INJECTORS CLUB MEAN TO YOU?

Being a part of the happy injectors club means you are always supported, for the good or bad! It's a hub of knowledge and experience, and multiple brains is always better than one!
